Design for Environment

Jasper Group is committed to executing a Design for Environment process for the continued improvement and effective use of materials. This process will include the design development, manufacturing and life cycle planning of products marketed by Jasper Group and brands. Jasper Group will act as a steward for the environment and perform in a sustainable manner which will provide value and added benefit to all stakeholders.

Jasper Group commits to the following:

- > Use of renewable materials as applicable
- > Use of recycled materials as applicable
- > Use of recycled and biodegradable as applicable
- > Implement end-of-life management
- > Implement a water management plan
- > Implement an energy efficiency plan

All Jasper Group's stakeholders share in the responsibility for the best use of materials and the conservation of our natural resources for present and future generations.

Approved this 7th day of February, 2015.

Michael J. Elliott
Chairman of the Board, CEO and President
