## ENERGY POLICY

Jasper Group is committed to the use, conservation and continuous improvement of energy and energy performance in a sustainable manner which will provide value and added benefit to all stakeholders.

Jasper Group commits to the following:

- > Compliance with applicable laws pertaining to energy
- > Collection and reporting of energy data
- > Establish baselines and benchmarks as applicable
- > Purchase Energy Star qualified appliances, equipment and systems, when possible
- > Review this policy at least once every five years
- > Decrease total energy consumption an average of 5% by the end of 2015, based on 2010 baseline

All Jasper Group's stakeholders share in the responsibility for the conservation of energy for the present and future.

Approved this 7th day of February, 2015.

Michael J. Elliott  
Chairman of the Board, CEO and President
